Monthly Report: New York City Curbside and Containerized Municipal Refuse and Recycling Statistics

by Borough and District: MAY 2016

DSNY Curbside and Containerized collections

Curbside and Containerized collection routes serve individual districts; trucks on these routes pass over scales each day which transmit tonnage data into DSNY's centralized computer system. For this reason, monthly statistics, by Community Districts, can be tracked and reported. Additional tonnage managed by DSNY is diverted through other mechanisms, but only available for annual reporting. Materials including Textile & Used Materials Donations, E-Waste, Hazardous Waste, other Organics collections, Redeemed Bottle & Can Deposit containers, and other take-back and diversion programs are included on the annual report only, and contribute to an overall annual diversion percentage of DSNY-managed waste that is different from the monthly curbside and containerized collections.
